

**Louisiana Department of Health and Hospitals  
Health Plan Advisory 15-6  
February 18, 2015**

**Claims Payment Methodology for LaHIPP Recipients**

Effective February 1, 2015, the LaHIPP indicator in e-MEVS, MEVS, and REVS has been removed. The providers will no longer be able to distinguish between LaHIPP and non-LaHIPP recipients.

If a Medicaid recipient has other insurance, the primary payer's payment should be considered in the calculation of the payment by the MCO.
