

**WE'RE ALL EYES**

*Let us take care of yours!*

# Diabetes can strike your vision in the *blink* of an eye.

*As a diabetic, you are at risk for eye problems that can lead to vision loss and even blindness if left untreated. And if you are over 40 years old, you are at higher risk for glaucoma.*

## See the difference.

**Make sure your eyes are healthy!** Your eye doctor will check for cataracts, diabetic retinopathy, glaucoma and other eye-related diseases. And help you treat any symptoms you may be having.

## Get focused

**Schedule your free annual eye exam today!** If you need help finding an Optometrist or scheduling your appointment, call us at **1-866-595-8133**. Or, you can go online at: <http://apps.louisianahealthconnect.com/findadoc>.

*Healthy is a way of life.™*
