The income eligibility level for children's coverage is 350 percent of the federal poverty level. For example, children in a family of four with a monthly income of up to \$6,519 could be eligible for coverage. The program accepts applications from parents/guardians with work income up to 133 percent of the federal poverty level – for instance, a family of four making up to \$2,478 per month. Health care services include doctor visits, hospitalization, regular screenings, prescriptions, vision needs and dental care. TENNESSEE								
UnitedHealthcare Plan of the River Valley, Inc.	TennCare – Medicaid/Standard (East Region): provides services to all mandatory Medicaid eligibility groups and some categorically and medically needy voluntary groups, including children, pregnant women, the aged and individuals with disabilities. TennCare Standard includes children in these eligibility categories: Uninsured, children under age 19 who are TennCare eligible and with family incomes less than 200 percent of the federal poverty level; who are TennCare eligible and meet “medically eligible” criteria (for example, a health condition that makes the child uninsurable); and who are no longer eligible for TennCare Medicaid and are either uninsured or medically eligible. Services include inpatient hospital, physician, outpatient hospital, ambulance, physical therapy, nursing care, speech therapy, DME, home health care, hospice, hearing, vision, long-term services and supports (LTSS), behavioral health and non-emergency transportation. Pharmacy and dental services are provided but carved out.	Origination: 1994 Jan. 01, 2014 – Dec. 31, 2016 8 optional 1-year extensions When Tennessee Medicaid (TennCare) contracts align, contract goes statewide.	Darin J. WISCONSIN								
UnitedHealthcare of Wisconsin, Inc.	BadgerCare Plus: covers children under 19 years of age and families needing health insurance. Children are covered, regardless of household income. Many families without access to health insurance, eligible childless adults and pregnant women are also eligible. The BadgerCare Plus program offers three levels of coverage: Standard, Benchmark and Core. The Standard Plan is a comprehensive health plan with minimal copays ranging from 50 cents to \$3.00 for medical and facility services. The Benchmark plan has reduced benefits and copays that mirror commercial coverage (\$15 physician copay, \$60 ER copay, \$100 inpatient hospital copay, \$50 ambulance copay). The Core plan has an application fee, reduced benefits and minimal copays. Medicaid SSI program provides services to beneficiaries, 19 and older, of Wisconsin's SSI program. The Medicaid SSI program uses Standard Plan benefits without any copays for SSI members.	Origination: 2005 Sept. 1, 2010 – Dec. 31, 2013 Ended: Ended by health plan Nov. 1, 2012 Regions 5 and 6 were rolled into the statewide Medicaid contract listed above, as of Jan. 1, 2014.
