

DECLARATION OF EMERGENCY

**Department of Health and Hospitals
Bureau of Health Services Financing**

**Targeted Case Management
Reimbursement Methodology
(LAC 50:XV.10701)**

The Department of Health and Hospitals, Bureau of Health Services Financing amends LAC 50:XV.10701 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

As a result of a budgetary shortfall in state fiscal year 2013, the Department of Health and Hospitals, Bureau of Health Services Financing amended the provisions governing the reimbursement methodology for targeted case management (TCM) services to reduce the reimbursement rates and to revise these provisions as a result of the promulgation of the January 2013 Emergency Rules which terminated Medicaid reimbursement of TCM services provided to first-time mothers in the Nurse Family Partnership Program and TCM services rendered to HIV disabled individuals (*Louisiana Register*, Volume 39, Number 12).

The department has now determined that it is necessary to amend the provisions governing the reimbursement methodology for

TCM services provided to New Opportunities Waiver (NOW) recipients in order to adopt a payment methodology based on a flat monthly rate rather than 15-minute increments. This action is being taken to promote the health and welfare of NOW participants by ensuring continued access to Medicaid covered services. It is estimated that implementation of this Emergency Rule will have no fiscal impact on expenditures in the Medicaid Program for state fiscal year 2014-2015.

Effective July 1, 2014, the Department of Health and Hospitals, Bureau of Health Services Financing amends the provisions governing reimbursement methodology for TCM for NOW services.
