**Inpatient Hospital Services  
Public-Private Partnerships  
Supplemental Payments  
(LAC 50:V.Chapter 17)**

The Department of Health and Hospitals, Bureau of Health Services Financing proposes to adopt LAC 50:V.Chapter 17 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This proposed Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq.

The Department of Health and Hospitals, Bureau of Health Services Financing promulgated an Emergency Rule which amended the provisions governing inpatient hospital services to establish supplemental Medicaid payments to non-state (private) owned hospitals in order to encourage them to take over the operation and management of state-owned and operated hospitals that have terminated or reduced services (*Louisiana Register*, Volume 38, Number 11). Participating non-state owned hospitals shall enter into a cooperative endeavor agreement with the department to support this public-provider partnership initiative.

The department submitted the required corresponding Medicaid State Plan Amendment to the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services

(CMS) for review and approval as a result of these revisions to the reimbursement methodology governing inpatient hospital services. During negotiations with CMS to secure approval, additional revisions were made. This proposed Rule is being promulgated to continue the provisions of the November 1, 2012 Emergency Rule, and to revise these provisions to ensure they are consistent with the approved corresponding State Plan Amendment.

**Title 50**  
**PUBLIC HEALTH—MEDICAL ASSISTANCE**  
**Part V. Hospital Services**  
**Subpart 1. Inpatient Hospital Services**

**Chapter 17. Public-Private Partnerships**

**§1701. Baton Rouge Area Hospitals**

A. Qualifying Criteria. Effective for dates of service on or after April 15, 2013, the department shall provide supplemental Medicaid payments for inpatient hospital services rendered by non-state privately owned hospitals in the Baton Rouge Area that meet the following conditions.

1. The hospital must be a non-state privately owned and operated hospital that enters into a cooperative endeavor agreement with the Department of Health and Hospitals to increase its provision of inpatient Medicaid and uninsured hospital services by:

a. assuming the management and operation of services at a facility where such services were previously provided by a state owned and operated facility; or

b. providing services that were previously delivered and terminated or reduced by a state owned and operated facility.

B. Reimbursement Methodology

1. Payments shall be made quarterly based on the annual upper payment limit calculation per state fiscal year.

2. Payments shall not exceed the allowable Medicaid charge differential. The Medicaid inpatient charge differential is the Medicaid inpatient charges less the Medicaid inpatient payments (which includes both the base payments and supplemental payments).

a. The payments will be made in four equal quarterly payments based on 100 percent of the estimated charge differential for the state fiscal year.

3. The qualifying hospital will provide quarterly reports to the department that will demonstrate that, upon implementation, the annual Medicaid inpatient payments do not exceed the annual Medicaid inpatient charges per 42 CFR 447.271. The department will verify the Medicaid claims data of these interim reports using the state's MMIS system. When the Department receives the annual cost report as filed, the supplemental calculations will be reconciled to the cost report.

4. If there is additional cap room, an adjustment payment will be made to assure that supplemental payments are the actual charge differential. The supplemental payments will also be reconciled to the final cost report.

5. The annual supplemental payments will not exceed the allowable Medicaid inpatient charge differential per 42 CFR 447.271, and the maximum inpatient Medicaid payments shall not exceed the upper limit per 42 CFR 447.272.
