(LAC 50:II.20029)**

The Department of Health and Hospitals, Bureau of Health Services Financing adopts LAC 50:II.20029 in the Medical Assistance Program as authorized by R.S. 36:254 and pursuant to Title XIX of the Social Security Act. This Emergency Rule is promulgated in accordance with the provisions of the Administrative Procedure Act, R.S. 49:953(B)(1) et seq., and shall be in effect for the maximum period allowed under the Act or until adoption of the final Rule, whichever occurs first.

The Department of Health and Hospitals, Bureau of Health Services Financing provides Medicaid reimbursement to non-state, government-owned or operated nursing facilities for long-term care services provided to Medicaid recipients. The department promulgated an Emergency Rule which amended the provisions governing the reimbursement methodology for nursing facilities to adopt provisions for supplemental Medicaid payments to qualifying non-state, government-owned or operated nursing facilities that enter into an agreement with the department (*Louisiana Register*, Volume 40, Number 12). This Emergency Rule is being promulgated to continue the provisions of the November 22, 2014 Emergency Rule.

This action is being taken to promote the health and welfare of Medicaid recipients, ensure sufficient provider participation in the Nursing Facilities Program, and maintain adequate recipient access to nursing facility services.

Effective July 22, 2015, the Department of Health and Hospitals, Bureau of Health Services Financing amends the provisions governing the reimbursement methodology for nursing facilities to establish supplemental Medicaid payments for non-state, government-owned and operated nursing facilities.

Title 50

PUBLIC HEALTH—MEDICAL ASSISTANCE

Part II. Nursing Facilities

Subpart 5. Reimbursement

Chapter 200. Reimbursement Methodology

§20029. Supplemental Payments

A. Effective for dates of service on or after November 22, 2014, any nursing facility that is owned or operated by a non-state governmental entity may qualify for a Medicaid supplemental payment adjustment, in addition to the uniform Medicaid rates paid to nursing facilities.

B. The supplemental Medicaid payment to a non-state, government-owned or operated nursing facility shall not exceed the facility's upper payment limit (UPL) pursuant to 42 CFR 447.272.

C. Payment Calculations. The Medicaid supplemental payment adjustment shall be calculated as follows. For each state fiscal year (SFY), the Medicaid supplemental payment shall be calculated

as the difference between:

1. the amount that the department reasonably estimates would have been paid to nursing facilities that are owned or operated by a non-state governmental entity using the Medicare resource utilization groups (RUGs) prospective payment system. For each Medicaid resident that is in a nursing facility on the last day of a calendar quarter, the minimum data set (MDS) assessment that is in effect on that date is classified using the Medicare RUGs system. The Medicare rate applicable to the Medicare RUG, adjusted by the Medicare geographic wage index, equals the Medicaid resident's estimated Medicare rate. A simple average Medicare rate is determined for each nursing facility by summing the estimated Medicare rate for each Medicaid resident in the facility and dividing by total Medicaid residents in the facility; and

2. the Medicaid per diem rate for nursing facilities that are owned or operated by a non-state governmental entity. The Medicaid rate shall be adjusted to include laboratory, radiology, and pharmacy services to account for program differences in services between Medicaid and Medicare. The statewide average of laboratory, radiology, and pharmacy services is calculated using Medicaid cost report data.

D. Each participating nursing facility's upper payment limit (UPL) gap shall be determined as the difference between the estimated Medicare rate calculated in §20029.C.1 and the adjusted Medicaid rate calculated in §20029.C.2.

1. Each facility's UPL gap is multiplied by the Medicaid days to arrive at its supplemental payment amount. Medicaid days are taken from the Medicaid cost report.

E. Frequency of Payments and Calculations

1. For each calendar quarter, an estimated interim supplemental payment will be calculated as described in this Section utilizing the latest Medicare RUGs and payment rates and Medicaid cost reports and available Medicaid payment rates. Payments will be made to each nursing facility that is owned or operated by a non-state governmental entity and that has entered into an agreement with the department to participate in the supplemental payment program.

2. Following the completion of the state's fiscal year, the final supplemental payment amount for the state fiscal year just ended will be calculated. These calculations will be based on the final Medicare RUGs and payment rates and the most recently reviewed Medicaid cost reports and Medicaid payment rates that cover the just ended state fiscal year period. The final supplemental payment calculations will be compared to the estimated interim supplemental payments and the difference if positive will be paid to the non-state governmental entity, and if negative, collected from the non-state governmental entity.
