In accordance with the provisions of the Administrative Procedures Act, R.S. 49:950 et seq., the Department of Health and Hospitals, Bureau of Health Services Financing published a Notice of Intent in the February 20, 2015 edition of the Louisiana Register (LR 41:481) to amend LAC 48:I.9501. This Notice of Intent proposed to amend the provisions governing hospital licensing standards to revise the qualification requirements for therapeutic recreational therapists, to establish the qualifications of an individual who shall clinically supervise therapeutic recreational services, and to provide clarity regarding recreational therapy in the psychiatric hospital setting.

The department conducted a public hearing on this Notice of Intent on March 31, 2015 to solicit comments and testimony on the proposed Rule. Upon further discussion with stakeholders, the department subsequently determined that further revisions to these provisions were necessary which resulted in non-technical, substantive changes to the February 20, 2015 Notice of Intent.

Taken together, all of these proposed revisions will
closely align the proposed Rule with the Department’s original intent and the concerns brought forth in discussions with stakeholders after publication of the Notice of Intent. No fiscal or economic impact will result from the amendments proposed in this notice.
