RE: Louisiana's ARRA DWSRF Allotment Under Contract

Dear Administrator Jackson:

I am pleased to certify on behalf of Louisiana that all American Recovery and Reinvestment Act (ARRA) funds awarded by the Environmental Protection Agency under the Drinking Water State Revolving Fund (DWSRF) Capitalization Grant as amended for the amount of \$27,626,000 are under contract or construction as of February 11, 2010, as required. The permitted set-aside for administrative costs under the DWSRF of four percent of the original ARRA allotment in the amount of \$315,000 is part of Louisiana Department of Health and Hospitals' EPA-approved Intended Use Plan and is included in the \$27,626,000. Projects on the project certification list amount to \$27,311,000 and this excludes the administrative cost of \$315,000.

The 28 projects throughout Louisiana that are receiving ARRA DWSRF assistance are identified in the attached list with the specific information requested on each project provided. Additionally, a final certification pursuant to Title XV, Subtitle A, Section 1511 of the ARRA has been completed and is available to the public.

I certify that all representations made in this letter and in the accompanying attachment is true.

Sincerely,

  
Glenn Cambre, Director  
Center For Environmental Health  
*on behalf of Alan Levine*  
*Secretary of DHH*
