## ***ProTrainings***

ProTrainings LLC offers classroom first aid and CPR in a combined course known as ProFirstAid Basic that meets the training requirements for these two subject areas. This is technically what is known as a “blended” course, meaning that part of the material is covered via online instructional videos and reading materials and the remainder is presented as a live instructor-led session. We have determined that such courses will meet our requirements, provided that skills tests performed in front of and reviewed by a live instructor demonstrate that students have mastered the material.

In order to schedule a ProFirstAid Basic course for your organization or yourself, call 1-888-406-7487. More information on the ProFirstAid Basic course is available on the ProTrainings website here: [http://www.proopr.org/en/info/show\\_course/4-adult-only-cpr-and-first-aid?topic\\_id=1](http://www.proopr.org/en/info/show_course/4-adult-only-cpr-and-first-aid?topic_id=1).

ProTrainings also offers an online Bloodborne Pathogens for Body Artists course that is approved for our purposes as well. Information on that course may be found here: [http://www.proopr.org/en/info/show\\_course/153-bloodborne-for-body-art?topic\\_id=2](http://www.proopr.org/en/info/show_course/153-bloodborne-for-body-art?topic_id=2).
