

Infectious Disease Epidemiology Workshop

Sponsored by Louisiana DHH-OPH, Infectious Disease Epidemiology Section

The Infectious Disease Epidemiology Section will hold a one-day workshop for non-ID-RRT (Infectious Disease Rapid Response Team) members in the following cities in Louisiana: Chalmette -Thursday, July 16, 2015; Sulphur- Thursday, August 13, 2015; Winnsboro - Thursday, September 17, 2015. This workshop is targeted towards sanitarians, public health nurses, infection control professionals, disease surveillance specialists, sanitarians, epidemiologists, health care providers and other public health care professionals interested in epidemiological principles and outbreak investigations. The training is free of charge but must be registered for because of seating limitations and to provide the adequate number of handouts.
