Washington

## CHILDREN'S SPECIAL HEALTH SERVICES (CSHS)

Telephone: (504) 568-5055

# What is CSHS?

Children's Special Health Services (CSHS) is a program for children in Louisiana with special health care needs. A child with special needs is:

- (1) a child with a health problem that affects how the child grows, moves, and acts, **AND**
- (2) a child who needs more health services than most other children.

CSHS gives a child with special needs health care that is sensitive to his or her family and culture. This will help the child live a happy and more independent life.

## Who can get help from CSHS?

A child can get help from CSHS if he or she:

- lives in Louisiana
- is less than 21 years old
- has a health problem that CSHS covers
- has Medicaid **OR** meets CSHS income rules

## How do I apply?

To get help from CSHS, a parent can apply at a local parish health unit or one of the nine CSHS offices. A referral from a doctor, nurse practitioner, or audiologist is needed.

## What help does CSHS offer?

- **Doctors and other health care workers** who provide services for children with special needs
- **Care coordination** to make sure a child gets all the services he or she needs
- **Hospital care**
- **Tests:** X-ray, lab, EKG (to look at heart movement), and more
- **Therapy** that helps a child (1) move better, (2) speak better, and (3) build life skills
- **Medicine** that is ordered by CSHS doctors
- **Nutrition** and special diets
- **Equipment:** wheelchairs, braces, and more
- **Parent and family** support
- Help finding **home care** services
- Help working with **schools and community** groups and offices
- Help **shifting to adult life and care**

CSHS has nine offices to help a child with special needs. The addresses and phone numbers for each office are on the back of this brochure.
