

WIC Vendor News Alert:

Date: 7-25-08

Subject: New Instructions for recent change in size of tuna fish cans.

" The State Agency has been notified that can sizes of tuna have changed slightly. To ensure that the full range of sizes are available to WIC participants, food instruments will now include a range of 5 oz to 6.125 oz. of tuna fish. When you are presented with food instruments which have tuna fish printed on them, please allow participants to purchase the available size which is currently printed on the food instrument.

Thank You.
