LA WIC PROGRAM VENDOR MANAGER

RE: Mead Johnson **Nutramigen LIPIIL** Powder Formula Discontinuation

The Louisiana WIC Program has received notification from Mead Johnson that they will be discontinuing Nutramigen LIPIIL in the 16 oz can (powder).

The Louisiana WIC Program will discontinue providing Nutramigen LIPIIL (powder) in the 16 oz can by March 31, 2010. The concentrate and ready-to-feed forms of Nutramigen LIPIIL will continue to be available.

Nutramigen is **not** a food item that Vendors are required to stock.

**Vendors are required to dispense only the infant formula that is listed on the WIC food instrument in the correct form (concentrate, powder or RTU) and size. No substitutions are allowed.**

If there are any questions or concerns involving this matter, please contact the vendor Management Unit at (504) 361-6725.
